Vital Signs..

How to be a healthy part of the Church

When you find yourself at the doctors office, they often check your vital signs. Your pulse, blood pressure, temperature and reflexes are checked to ensure that your body is doing ok. There are some vital signs to check the health of our church as well! Starting April 14th, we will begin a sermon study from the book of Titus. Titus is actually a letter written from the Apostle Paul, to a fellow Christian leader named Titus. Paul had left Titus to tend to and lead the Body of Christ into healthy relationships. We will look at how healthy churches have a good relationship with Jesus, with its own leadership, with one another, and even with those who might be opposed to being a healthy part of the Body of Christ. Hope you can join us for this 5 week study starting in April!

Abilene First Christian Church is a non-denominational fellowship of believers who have no creed but the Bible and we wear no name but "Christian."

The background of the lower half of the page is a grayscale image of a crown of thorns. The thorns are sharp and intertwined, creating a complex, textured pattern. The text is overlaid on this image in a dark purple, cursive font.

*...upon him was the
chastisement that brought us
peace, and with his wounds
we are healed.*
